

It is with great pride that the City of Terrace was proclaimed "Kraft Hockeyville" earlier this year. This could not have been accomplished without the tremendous support and effort both within our community and from all who voted for us.

We can be proud of the efforts of our Terrace is Hockeyville Committee, the residents of Terrace and the support we received from our neighbouring communities. This support and encouragement was instrumental to achieving the nearly 2 million votes we received to win the competition.

This has been a great opportunity for Terrace to encourage community spirit and pride and to draw positive attention to Northern British Columbia. Hockey has always played a significant role in our community. It was especially appropriate that the Terrace Sportsplex was completed in time to host all the Hockeyville celebrations, and the upcoming NHL game.

When the game is over and our year as "Kraft Hockeyville" draws to a close we will have the lasting legacy of the rink upgrades, our memories of Hockeyville events and most importantly, our community spirit. Just as team spirit is essential in a hockey team, our community spirit and willingness to work together were essential to our success in this endeavour and will build the foundation for other goals we may decide upon as a community.

Mayor Dave Pernarowski
