

SNOW REMOVAL NO PARKING ON STREETS

From November 15 to April 01

Under Bylaw No. 1331-1993, every street, boulevard, alley and highway in the City of Terrace is designated as a snow removal route, and parking on them is prohibited during the winter months, from November 15th to April 1st.

Any vehicle that impedes snow removal and/or road maintenance work on any snow removal route may be towed.

Plowing in residential areas can occur at any time of the day or night.

Snow clearing operations in the downtown area are typically carried out between 10:00 p.m. and 6:00 a.m.

In addition, it is illegal for anyone to place ice or snow from any private property, parking lot or entrance way, on to City right-of-way as it impedes traffic, creates drainage problems, buries fire hydrants, and interferes with routine snow plowing. Under this bylaw, you may be fined for doing so.

Thank you in advance for your cooperation.
