For Immediate Release

DOWNTOWN PARKING STUDY OPEN HOUSE

Jan 31, 2017

TERRACE – In November 2016, the City of Terrace retained MMM Group Ltd. to conduct a comprehensive study of parking in downtown Terrace. To date a thorough review of parking demand in the downtown and the initial phase of the public participation process (including public survey) has been completed.

Residents of Terrace and area are now invited to the City of Terrace Downtown Parking Study Public Open House.

The Public Open House is scheduled for Wednesday, February 8, 2017, from 5:00 pm to 8:00 pm, in the Terrace Sportsplex multi-purpose room.

The purpose of the Public Open House is to provide an opportunity for members of the public to review and provide comment on the initial findings of the Downtown Parking Study as well as potential solutions being considered.

Interested members of the public are invited to drop by anytime between 5pm to 8pm. City representatives and the Parking Consultant will be on hand to answer questions. All interested members will have an opportunity to engage in discussion and pose questions to City staff and the consulting team.

As the Downtown Parking Study develops, please monitor the City website (www.terrace.ca), City Facebook page, and City Twitter account (@CityofTerrace) for updates and opportunities to participate and provide input.
