CITY OF TERRACE

“A Bylaw of the City of Terrace to Provide for Zoning Regulations within the City of Terrace.”

WHEREAS Council wishes to enact a Zoning Bylaw for the City of Terrace;

AND WHEREAS Council wishes to repeal Zoning Bylaw No. 1431-1995 and wishes to adopt a Zoning Bylaw pursuant to planning and land use management powers under Part 26 of the Local Government Act;

NOW THEREFORE the Council of the City of Terrace in an open meeting assembled hereby enacts as follows:

1. This Bylaw will be cited as the “City of Terrace Zoning Bylaw No. 2069 - 2014”.
2. Severability
If any section, subsection, sentence, clause or phrase of this Bylaw is for any reason held to be invalid by the decision of any court of competent jurisdiction, the invalid portion will be omitted and the decision that it is invalid must not affect the validity of the remaining portion of this Bylaw.
3. The following schedules attached hereto are hereby made part of this Bylaw and adopted as the Zoning Bylaw for the City of Terrace:
 - a. Schedule A (Zoning Bylaw Text)
 - b. Schedule B (Zoning Bylaw Map – City of Terrace)
4. This Bylaw repeals Zoning Bylaw No. 1431-1995 and Downtown Parking Bylaw No. 1469-1995 and amendments thereto.

READ a first time this 29th day of September, 2014.

READ a second time this 29th day of September, 2014.

PUBLIC HEARING HELD on this 14th day of October, 2014.

READ a third time on this 14th day of October, 2014.

APPROVED UNDER THE TRANSPORTATION ACT this 19th day of November, 2014.

Signed

for Ministry of Transportation

ADOPTED this 24th day of November, 2014.

Mayor

Deputy Clerk

1.0 ADMINISTRATION

1.1 Application

This Bylaw applies to all land, buildings and structures including the surface of water within the boundaries of the City of Terrace.

1.2 Prohibitions

- .1 Land, including airspace and the surface of water, must not be used and buildings and structures must not be constructed, altered, located or used except as specifically permitted in this Bylaw.
- .2 No subdivision may be approved, in particular to create parcels less than the minimum permissible parcel area and other regulations, as identified in this Bylaw.
- .3 Every use of land, building, and structure permitted in each zone must conform to all of the regulations of the applicable zone and all other regulations of this Bylaw.
- .4 No land, building or structure may be used or occupied, or left with no use, except in conformity with this Bylaw.

1.3 Inspection

Subject to the provisions of the *Community Charter*, any official of the City of Terrace duly authorized by Council is hereby authorized to enter on or into property, in the case of an emergency or at all reasonable times, any day of the week, on any parcel that is subject to regulation under this Bylaw or for any matter which Council has exercised legislated authority to regulate, prohibit and impose requirements.

1.4 Violations

Every person who undertakes any of the following shall be deemed to be guilty, upon summary conviction, of an offense under this Bylaw:

- .1 Violates any of the provisions of this Bylaw;
- .2 Causes or permits any act or thing to be done in contravention or violation of any provisions of this Bylaw;
- .3 Neglects or omits to do anything required under this Bylaw;
- .4 Carries out, causes or permits to be carried out any development in a manner prohibited by or contrary to any provisions of this Bylaw;
- .5 Fails to comply with an order, direction or notice given under this Bylaw; or
- .6 Prevents or obstructs or attempts to prevent or obstruct the authorized entry of an officer onto a parcel under Section 1.3;

1.5 Offences and Penalties

- .1 Each day's continuance of an offence under Section 1.4 constitutes a new and distinct offense.

- .2 Every person who violates any provisions of this Bylaw or who suffers or permits any act or thing to be done in contravention of this Bylaw, or who refuses, omits, or neglects to fulfill, observe, carry out, or perform any duty of obligation imposed by this Bylaw is liable, to penalty and cost of prosecution.
- .3 Every person who commits an offence under Section 1.4 is liable on summary conviction to a fine not exceeding \$10,000 and the costs of prosecution, as provided for in the *Community Charter*.
- .4 This Bylaw may be enforced by means of a municipal ticketing information system.

2.0 DEFINITIONS AND INTERPRETATION

2.1. Applicable Regulations

- .1 Where this Bylaw sets out two or more regulations that could apply to a situation, the most stringent regulation will apply.
- .2 Where this Bylaw sets out competing general and specific regulations that could apply to a situation, the specific regulation will apply.

2.2. Metric Units

Metric units are used for all measurements in this Bylaw.

2.3 Definitions

In this Bylaw:

ACCESSIBLE HOUSING means dwelling units that are physically adapted to the needs of individuals intended to occupy the units, including those who are disadvantaged by age, physical or mental disability or medical condition, and those who are victims of a natural disaster.

ACCESSORY means clearly incidental and subordinate, and on the same parcel.

*Amended by
Bylaw 2305-2024*

ACCESSORY DWELLING UNIT means a self-contained residence with cooking, sleeping and bathroom facilities that is secondary to a Primary Use located on the same property.

AFFORDABLE HOUSING means dwelling units that are available at a cost that does not compromise an individual's ability to meet other basic needs, including food, clothing and access to education. The cost of a rental dwelling unit or the cost to purchase a residential dwelling unit should consume no more than 30% of the annual household gross, pre-tax income.

*Amended by
Bylaw 2143-2018*

AGRICULTURE means the use of land, buildings and structures for the growing, rearing, cultivating, producing and harvesting of agricultural products, poultry and livestock, including the storage on an individual farm of products harvested, reared or produced

on that farm, and the storage of farm machinery, implements and supplies, and the repair to farm machinery and implements used on that farm.

AGRICULTURE, INTENSIVE means the use of land, buildings and structures for:

*Amended by
Bylaw 2143-2018*

- the keeping of more than 10 agricultural units of poultry, livestock or fur bearing animals,
- the growing of mushrooms, where composting is part of the operation,
- the slaughtering and processing of animals reared on the premises provided the premises are licensed for that purpose in accordance with the Provincial Meat Inspection Regulation,
- the use of greenhouses where the total gross floor area of all greenhouses on a parcel is 500 m² or greater.

AGRICULTURAL UNIT is equivalent to any one of the following:

*Amended by
Bylaw 2143-2018*

- 25 poultry (1 poultry = 0.04 Ag Units);
- 20 fur bearing animals (1 fur bearing animal = 0.05 Ag Units);
- 0.66 of a cow or bull (1 cow = 1.5 Ag Units);
- 1 swine;
- 1 horse, donkey, mule, domestic ungulate or other farmed game animal;
- 3 sheep or goats (1 sheep or goat = 0.33 Ag Units).

For the purposes of this definition a mothering animal and its pre-weaned offspring are counted as one animal.

AMENITY AREA means a space on the site of a multi-family dwelling to provide for the enjoyment and recreational needs of residents. Such spaces may include, but are not limited to landscaped open spaces, rooftop gardens, child play areas, outdoor recreational facilities, and other similar features. Amenity areas must exclude areas used for off-street parking, off-street loading, service driveways, required front yards and roof areas.

*Amended by
Bylaw 2305-2024*

APARTMENT means a multi-family building containing five or more dwelling units for residential use which has its principal access from an entrance common to the dwellings.

ARTISAN SHOP means a facility for small-scale, on-site production and sale of goods including, but not limited to, such uses as bakeries, craft shops, art and sculpture studios, and furniture makers.

BASEMENT means that habitable portion of a building between two floor levels which has more than one half of its height from finished floor to finished ceiling below grade.

*Amended by
Bylaw 2143-2018
Bylaw 2305-2024*

BED AND BREAKFAST means a Level 2 home occupation conducted as a short-term rental within the principal dwelling and operated by the occupying resident of the principal dwelling, providing temporary overnight accommodations and breakfast to guests.

BICYCLE PARKING, LONG-TERM means bicycle parking that is provided for residents, students or employees for all-day or overnight parking in a secure enclosed area, and includes

bicycle lockers, compounds or rooms specifically provided and equipped for bicycle storage.

BICYCLE PARKING, SHORT-TERM means bicycle parking that is provided for patrons or visitors for temporary parking, and includes racks or other structurally sound devices designed to secure one or more bicycles in an orderly fashion.

*Amended by
Bylaw 2143-2018*

BOARDER means an individual not regularly a member of the household who pays for and takes regular lodging within a dwelling unit.

BUILDING means a structure used or intended for supporting or sheltering any use or occupancy.

BULK FUELING STATION, MAJOR means any building or land used or intended to be used for the sale of fuels or lubricants to commercial vehicles and industrial equipment, either through the use of keys, cards or service attendance, with tanks greater than 2000 gallons, but does not include a service station or gas bar.

BULK FUELING STATION, MINOR means any building, structure or land used or intended to be used for the sale of fuels or lubricants to commercial vehicles and industrial equipment, either through the use of keys, cards or service attendance, with tanks less than 2000 gallons and does not include a gas bar.

CAMPGROUND means the use of land for the provision of seasonal and short-term accommodation for tents, tent trailers, travel trailers, recreational vehicles and campers. Occupancy of the campground must be limited to a maximum stay of 150 days per calendar year.

*Amended by
Bylaw 2148-2018*

CANNABIS means cannabis as defined by the Government of Canada (in the Cannabis Act) and includes any products containing cannabis.

CITY means the City of Terrace.

COMMERCIAL means a category of zone, building or use that provides for the sale or provision of goods and professional or personal services.

*Amended by
Bylaw 2143-2018*

COMMERCIAL VEHICLE means any motor vehicle that is:

- (1) A truck or truck tractor with a licensed gross vehicle weight of 5,500 KG or greater;
- (2) A truck or truck tractor with a height in excess of 2.25 m;
- (3) A bus with seating capacity greater than nine people; or
- (4) Defined as such in the *Commercial Transport Act*.

COMMUNITY CARE FACILITY means the use of lands and residential buildings operated as a community care facility by a licensee under Provincial legislation to provide residential care to persons not related by blood or marriage to the licensee, or if the licensee is a corporation, to any director, officer or member of the corporation.

*Amended by
Bylaw 2143-2018*

CONFINED LIVESTOCK/POULTRY AREA means an outdoor area where livestock or poultry is confined by fences or other structures and includes feedlots, paddocks, corrals, coops, exercise yards and holding areas but does not include a seasonal grazing area.

*Amended by
Bylaw 2143-2018*

CONTRACTING EQUIPMENT means, but is not limited to, equipment such as enclosed and flat-bed trailers with an overall length greater than 7.5 meters, skid steers, mini-excavators, backhoes and hydraulic lifts. This does not include recreational vehicles such as travel trailers or fifth wheel campers or other recreational camping trailers used solely for personal use.

*Amended by
Bylaw 2143-2018*

CONTRACTOR VEHICLE means a vehicle used in conjunction with a general contractor, subcontractor or trade contractor, which exceeds 7.5 metres in overall length.

CONVENIENCE STORE means a store that sells goods to meet the day to day needs of residents such as snacks, magazines and limited groceries.

*Amended by
Bylaw 2143-2018*

COOKING FACILITIES means any appliance used to prepare food and includes but is not limited to, ovens, stoves, microwaves, hotplates, electric frying pans or any appliance used to heat food.

COUNCIL means the Council of the City of Terrace.

DAYCARE CENTRE means a group day care centre and other related facilities licensed and in compliance with provincial legislation.

DENSITY means, in relation to land, parcel of land or an area:

- (1) The density of use of the land, parcel or area; or
- (2) The density of use of any building and other structures located on the land or parcel, or in the area.

*Amended by
Bylaw 2143-2018*

DRY CLEANING means a facility that uses a chemical product in the process of cleaning clothing or textiles.

*Amended by
Bylaw 2143-2018*

DWELLING UNIT means a self-contained residence exclusively occupied by no more than one household and containing only one kitchen.

ENTERTAINMENT FACILITY means the use of lands, buildings or structures for the provision of entertainment to the public and includes such uses as auditoriums, movie theatres, bingo halls, and pool and billiard facilities.

FAMILY CHILD CARE means the provision of care in a licensee's place of residence with the licensee personally providing the care for up to eight children.

FENCE means a constructed barrier erected to enclose or screen a use or parcel. As shown in Figure 1, fence height is the vertical distance between the ground level and the top of the fence at any given point.

Figure 1: Fence Height

FINANCIAL INSTITUTION means a bank, trust company, investment dealer, credit union, mortgage broker, insurance company, financial planner or similar establishment.

FIRST STOREY means the storey with its floor closest to grade, having its floor not more than 2.0 m above grade.

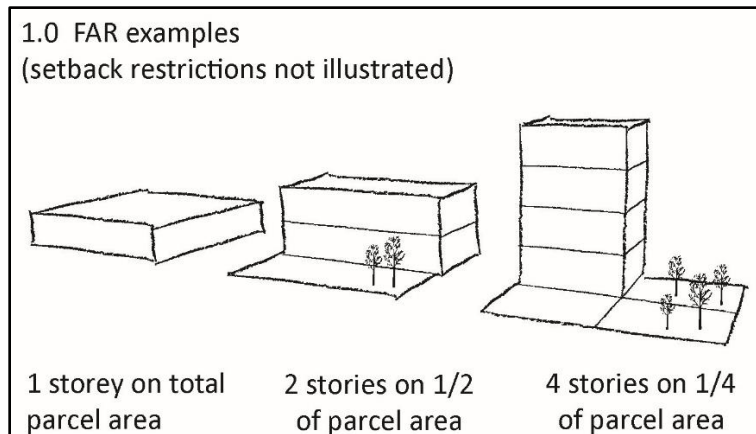

FLOOD CONSTRUCTION LEVEL means the required minimum elevation associated with a design flood or where a design flood has not been determined, a specified height above a natural boundary.

FLOOR AREA means the area of a storey or a basement measured to the inside of the exterior walls.

*Amended by
Bylaw 2143-2018*

FLOOR AREA RATIO (FAR) means the figure obtained by dividing the gross floor area of all storeys in all buildings on a parcel by the parcel area, as shown in Figure 2.

Figure 2: Floor Area Ratio (FAR) Calculation

FOOTPRINT means the area of the first storey of a building, measured to the outer extent of the exterior walls, including all parts of the first storey with a permanent roof structure such as living space, attached garages, attached carports and covered patios.

FUNERAL HOME means a premises used for the preparation of the dead for burial or cremation and the holding of funeral services; includes an accessory crematorium and areas for the display, storage and sale of caskets and other related funeral supplies.

GARDEN CENTRE means a facility for the sale, growing, and storage of ornamental plants and trees, and includes the supplementary retail sale of fertilizers, garden chemicals, garden implements and associated products.

GAS BAR means a retail fueling facility with no more than two pump islands.

GRADE means the lowest of the average levels of finished grade adjoining each exterior wall of a building, as shown in Figure 3.

Figure 3: Sample Grade Calculation

Amended by
Bylaw 2143-2018

GROSS FLOOR AREA means the total floor area of each storey in each building including exterior walls but, excluding areas used exclusively for parking purposes in an apartment building or mixed use building.

HEALTH SERVICES FACILITY means any lands or buildings used for the provision of a physical or mental health service on an out-patient basis. Services may be of a preventative, diagnostic, treatment, therapeutic, rehabilitative or counselling nature such as medical and dental offices, chiropractors, massage therapists, acupuncture clinics, reflexology, health clinics and counselling services.

HEIGHT means the vertical distance from the grade to the highest point of any building or structure.

HIGHWAY means a street, road, lane, pathway, walkway, bridge, viaduct and any other way open to public use, other than a private right-of-way on privately owned parcels.

HOME OCCUPATION means a profession that is carried out in a residential dwelling unit or accessory building on a residential zoned parcel where such profession is secondary to the use of the parcel for residential purposes.

HOUSEHOLD means one of the following residential occupancies in one dwelling unit:

- (1) A person;
- (2) Two or more persons related by blood, marriage, adoption or foster parenthood; or
- (3) Not more than five unrelated persons living together.

HOSTEL means the use of a building with a common entrance lobby and shared corridors, which provides sleeping units for the public, but does not provide public facilities.

HOTEL means the use of land and buildings with a common entrance lobby and shared corridors, which provides accommodation for the public. It may include public facilities such as restaurants; banquet, beverage, meeting and convention rooms; recreation facilities, laundry room and personal service establishments for the convenience of guests.

*Amended by
Bylaw 2143-2018*

INDUSTRIAL WORK CAMP ACCOMODATIONS means one or more modular buildings and structures established for the purpose of providing residential accommodations and supports to workers whose employment is temporary in nature, arranged to provide individual sleeping units (1 person per unit) with or without individual bathrooms, meals in communal dining areas, and communal areas for recreation, laundry and other basic living essentials.

*Amended by
Bylaw 2143-2018*

INSTITUTIONAL FACILITY means land and buildings that provide for civic and other public functions such as hospitals, courts of law and protective services.

KITCHEN means a room in a dwelling with cooking facilities used for the preparation of food and includes any appliance used to cook food, as well as cabinets, a refrigerator, sink or dishwasher and the applicable electrical and plumbing service lines.

*Amended by
Bylaw 2143-2018*

KITCHEN, SECONDARY means a room in a single detached dwelling unit, that is secondary to the kitchen, is used only by the primary occupants of the dwelling for the preparation of food, is not part of a secondary suite and is on the same floor as the kitchen. It may include appliances for cooking food, cabinets, a refrigerator, sink or dishwasher.

*Amended by
Bylaw 2143-2018*

LANDSCAPING means a vegetated area, garden or combination thereof, which has a mix of ground cover, plants, shrubs, trees, hard surfaces such as brick or stone and other landscape elements such as walkways, seating areas, water features and public art.

LANE means a highway that provides only a secondary means of access to a parcel at the side or rear.

LAUNDROMAT means a primarily self-service coin-operated laundry facility for use by the public where household clothing and linens are cleaned. It may include providing pressing,

*Amended by
Bylaw 2143-2018*

repairing and clothing alteration services to individuals and the pickup of articles to be cleaned and delivering cleaned articles. It does not include a dry cleaning facility.

LAUNDROMAT, INDUSTRIAL means a facility primarily engaged in operating mechanical laundries and plants which launder or dry clean apparel and fabrics in a central location for industrial or commercial clients, includes garment rental, pickup and delivery services.

*Amended by
Bylaw 2143-2018*

LIVESTOCK means but is not limited to cattle, sheep, goats, swine, horses, donkeys, mules, domestic ungulates or other farmed game animals, rabbits and other fur bearing animals.

*Amended by
Bylaw 2143-2018*

MAJOR ROADWAY means an arterial or collector road as identified in the Official Community Plan.

MANUFACTURING, GENERAL means land or buildings for the manufacturing, processing, production, assembly and packaging of materials, goods or products.

MANUFACTURING, LIGHT means land or buildings for the manufacturing, processing, production, assembly and packaging of materials, goods or products, which does not generate significant smoke, noise, vibration, dirt, glare, odour or electrical interference.

MANUFACTURED HOME (MOBILE) means a dwelling built under CSA standard Z240, whether ordinarily equipped with wheels or not, that is designed, constructed or manufactured to be moved from one place to another by being towed or carried. Mobile manufactured homes include single-wide and double wide mobile manufactured homes, but not modular homes built under CSA standard A277, travel trailers, recreational vehicles or campers.

MANUFACTURED HOME (MODULAR) means a multiple section single family manufactured dwelling unit, factory built and certified to conform to Canadian Standards Association (CSA) Standard A277 and amendments thereto and is situated on a permanent foundation.

*Amended by
Bylaw 2143-2018*

MANUFACTURED HOME PARK means a parcel on which two or more manufactured homes built under CSA standard Z240 may be installed and occupied as dwelling units.

MEDIA STUDIO means lands and buildings equipped for sound recording, the transmission of radio and television programs, or the production of motion pictures, television programs, videos, music or video games.

MEDICAL MARIHUANA means marihuana produced for medical use pursuant to a license issued under the Marihuana for Medical Purposes Regulations to the *Controlled Drugs and Substances Act*.

MICROBREWERY / CRAFT DISTILLERY means a premises licensed under the Liquor Control and Licensing Act which manufactures beer, cider, ale, or spirits for sale to customers on or

*Amended by
Bylaw 2208-2020*

off the premises and is classified by the B.C. Liquor Distribution Branch as a small (micro) brewery or craft distillery.

MINI STORAGE FACILITY means lands and buildings consisting of storage units that are available for rent for temporary storage of personal property.

MIXED USE BUILDING means a building that contains one or more commercial uses on its lower storeys and a multi-family dwelling for residential use on upper storeys.

MOTEL means the use of land and buildings which provides accommodation for the public, with each unit having a separate exterior entrance and direct access to on-site parking. It may include public facilities such as restaurants; banquet, beverage, meeting and convention rooms; recreation facilities and personal service establishments for the convenience of guests.

Amended by
Bylaw 2305-2024

MULTI-FAMILY DWELLING means any building consisting of five or more dwelling units for residential use, each of which is occupied or intended to be occupied as the permanent home or residence of one household.

NATURAL BOUNDARY means the visible high watermark of any lake, river, stream, or other body of water where the presence and action of the water are so common and usual and so long continued in all ordinary years as to mark upon the soil of the bed of the lake, river, stream, or other body of water a character distinct from that of the banks thereof, in respect to vegetation, as well as in respect to the nature of the soil itself, as defined in Section 1 of the *Land Act*, and also includes the edge of dormant side channels of any lake, river, stream, or other body of water.

NEIGHBOURHOOD PUB means an establishment licensed as a neighborhood public house in accordance with the *Liquor Control and Licensing Act*.

NIGHTCLUB means an establishment where entertainment is provided to patrons and is licensed in accordance with the *Liquor Control and Licensing Act*.

Amended by
Bylaw 2143-2018

OFFICIAL COMMUNITY PLAN (OCP) means a community plan that is adopted by the Council of the City of Terrace under the authority of Section 472 of the *Local Government Act*.

PAD means one of the following:

- (1) A paved surface on which blocks, posts, runners or strip footings are placed for the purpose of supporting a manufactured home (mobile); or
- (2) A concrete pad, slab or floor supporting a building, structure or space (e.g. patio).

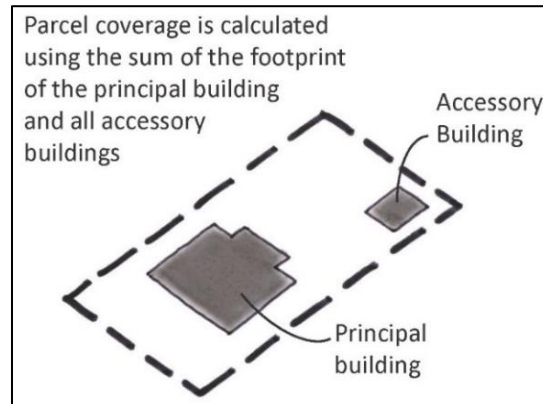

PARCEL means any lot, block or other area in which land is held or into which it is subdivided but does not include a highway.

PARCEL AREA means the total area of the parcel expressed in square metres or hectares.

PARCEL, CORNER means the parcel at the intersection or junction of two or more highways other than a lane.

PARCEL COVERAGE means the percentage of the parcel covered by the footprint of all buildings and structures, as shown in Figure 4.

Figure 4: Parcel Coverage Calculation

PARCEL LINE means the legally defined limits of any parcel.

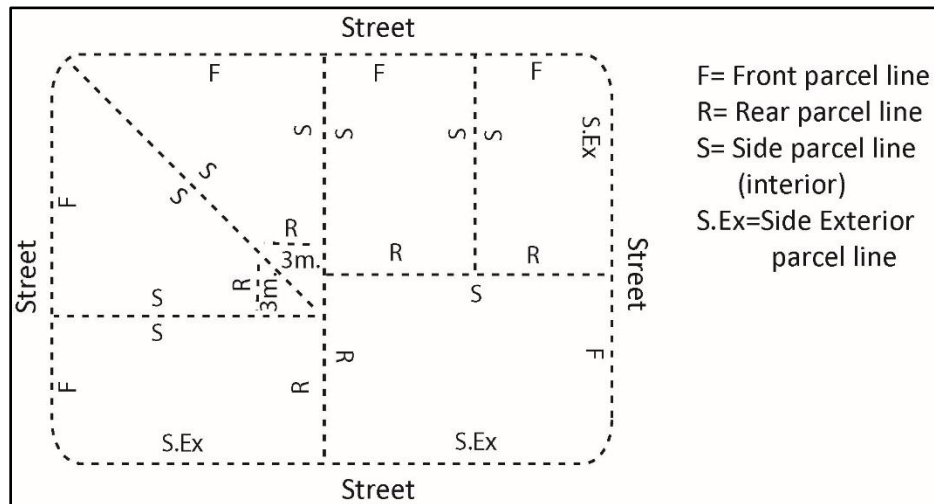

PARCEL LINE, EXTERIOR means a parcel line, other than a front or rear parcel line, which abuts a highway on a corner parcel, as shown in Figure 5.

PARCEL LINE, FRONT means any parcel line common to a parcel and one highway as shown in Figure 5. Where a parcel has frontages on more than one highway, the front parcel line is the shortest parcel line adjacent to a highway. If a parcel has frontages on more than one highway and the frontages are the same length, then any frontage may be the front parcel line, provided it is opposite and not connected to the rear parcel line.

PARCEL LINE, INTERIOR means a side parcel line between two or more parcels or a lane, other than a front or rear parcel line, as shown in Figure 5.

PARCEL LINE, REAR means the boundary of a parcel which is opposite to and is not connected to the front parcel line, as shown in Figure 5. In the case of a triangular shaped lot, a rear parcel line is a line 3.0m in length that is entirely within the lot and is parallel to and at a maximum distance from the front lot line.

Figure 5: Parcel Lines

PARCEL WIDTH means the width of a parcel between the two side parcel lines as measured at the minimum setback distance from the front parcel line along a line perpendicular to the centre of the front parcel line. In the case of the panhandle lot the panhandle will not be considered as part of the calculation for minimum parcel width.

*Amended by
Bylaw 2143-2018*

PARKING FACILITY means a structure or land, consisting of parking spaces, aisles and driveways, designed or intended for parking of motor vehicles.

PARKING SPACE means a space of the size and dimensions to park one motor vehicle and does not include aisle space and other areas providing access to the parking space.

*Amended by
Bylaw 2143-2018*

PERSONAL SERVICE ESTABLISHMENT means an establishment that provides personal goods or services to persons involving the health, beauty, or grooming of a person, such as barber shops, hairdressers, tailors, and shoe repair shops. Personal service establishments do not include health services facilities.

PLACE OF WORSHIP means the use of land or buildings for religious worship such as churches, chapels, synagogues, temples, monasteries and convents.

*Amended by
Bylaw 2143-2018*

POULTRY means, but is not limited to, any of the following; chickens, ducks, geese, turkeys, pigeons or other domestic fowl.

PRINCIPAL BUILDING means a building within which the primary use on a parcel occurs.

PRINTING SERVICES means the use of equipment for binding, duplicating, photographic processing, printing, publishing or bookbinding.

RECREATIONAL FACILITY - INDOOR means land or buildings for the provision of recreation and sports activities primarily conducted indoors such as arcades, arenas, fitness clubs, racquet courts, gymnasia, dance studios, swimming pools and bowling alleys.

RECREATIONAL FACILITY - OUTDOOR means land or buildings for the provision of recreation and sports facilities primarily conducted outdoors such as a stadium, golf course, driving range, waterslide, mini golf, theme park and go-cart track.

RESIDENTIAL means a category of zone, building or use that provides for dwelling units for human habitation.

RETAINING WALL means a structure constructed to hold back, stabilize or support a bank as a result of changes in elevation on a parcel.

*Amended by
Bylaw 2148-2018*

SCHOOL PROPERTY means property that is:

- a) In whole or in part, owned or leased by, or operated under the authority of, an education authority; and
- b) Used for the purposes of delivering educational programs or other learning programs.

SCREENING means a fence, wall, compact evergreen hedge, berm or combination, supplemented with landscape planting that would effectively screen the use, parcel or portion of the parcel it encloses from adjacent parcels and highways.

*Amended by
Bylaw 2305-2024*

SECONDARY SUITE means a self-contained, dwelling unit located inside a principal residential building. A secondary suite is ancillary to a primary unit in the building, has its own separate cooking, sleeping and bathing facilities, and has separate access to the outside, which may pass through a common vestibule.

SEMI-DETACHED DWELLING means a building that may be divided horizontally or vertically into two separate dwelling units for residential use as shown in Figure 6 below. Each dwelling unit has an independent entrance either directly from the outside or through a common vestibule, and independent utility connections.

Figure 6: Semi-Detached Dwelling

SERVICE STATION means land and buildings used principally for the retail sale of motor fuels, lubricating oils, and motor vehicle accessories and the servicing of motor vehicles.

SETBACK means:

- (1) The minimum permitted distance between a building or structure and the related parcel lines; or
- (2) The required minimum distance from a watercourse, or other body of water to the building or structures or any landfill or structural support required to elevate a floor system or pad above the Flood Construction Level; or
- (3) The minimum separation between buildings or structures on a parcel.

SHIPPING CONTAINER means an industrial intermodal shipping or cargo container being a standardized steel storage container or box which can be easily transferred between different modes of transportation and constructed for the transportation of goods by rail, ship or truck.

SHORT TERM RENTAL means commercial accommodations in a residential dwelling unit provided to members of the public for a period of less than 30 consecutive days.

SINGLE-DETACHED DWELLING means a building that contains one dwelling unit for residential use and is separate on all sides from any other structure. Where specially permitted in this Bylaw, a single-detached dwelling may contain one additional dwelling unit in the form of a secondary suite for residential use.

SLEEPING UNIT means a habitable room used or intended to be used for sleeping and living purposes, and which do not include a sink or cooking facilities. A bathroom containing a water closet, sink and a bath or shower may be shared between two or more rooms.

STORE means the use of land and buildings for retail sales.

STOREFRONT CANNABIS RETAIL USE means the business of selling cannabis and permitted accessory products (as regulated by the Province of BC) to consumers who attend the premises.

STOREY means the portion of a building, excluding a basement, cellar or crawl spaces that are situated between the top of any floor and the top of the floor next above it, or the ceiling above it where there is no floor above the ceiling.

STRUCTURE means any building or construction fixed to, supported by or sunk into land or water such as swimming pools, satellite dishes, parkade and retaining walls.

SUSTAINABLE BUILDING TECHNOLOGIES means structural or technological elements designed to decrease the carbon footprint of a building or structure. These are structures such as photovoltaic cells, roof-mounted micro wind turbines, solar thermal collectors, and infrastructure needed to access and maintain a green roof.

TECHNICAL CONSULTING FIRM means a consulting practice that may contain office space or lab space that regularly conducts field work as part of its business activities such as surveying, engineering, mining, forestry and environmental consulting firms.

*Amended by
Bylaw 2305-2024*

*Amended by
Bylaw 2143-2018*

*Amended by
Bylaw 2148-2018*

TEMPORARY STRUCTURE means an accessory building as referred to in the BC Building Code, used for seasonal storage, and includes but is not limited to portable fabric covered structures.

TOWNHOUSE means a building divided into three or more dwelling units for residential use, where each dwelling unit has an independent entrance.

TRANSPORTATION USE means the use of land, buildings and structures for passenger transportation services such as bus depots, railway stations and courier operations; includes areas for ticket sales, waiting rooms and passenger loading/unloading.

TRUCK/RAIL TRANSLOADING FACILITY means a transportation facility or terminal providing a break-of-bulk and/or assembly point for a variety of commercial and industrial commodities which enter or leave the site by rail, common carrier truck lines or freight forwarders; and may include accessory uses such as offices, repair of related vehicles, trailers, materials-handling equipment, and rolling stock.

URBAN AGRICULTURE means the use of lands, buildings or structures for agricultural purposes in a manner that coexists compatibly with adjacent land uses by minimizing noise and odour.

USE means the purposes for which land or a building is arranged or intended, or for which either land, a building, or structure is, or may be, occupied and maintained.

USE, PRIMARY means the main purpose for which land, buildings or structures are used.

USE, SECONDARY means a use that is accessory to a primary use on the same parcel.

UTILITY means a system, work, building, plant, equipment or resource for the provision and maintenance of infrastructure such as water, sewer, drainage, gas, electricity, transportation, communication, or municipal works services.

VACATION ACCOMMODATION means a use that provides up to six sleeping units of guest accommodations, either in one principal dwelling or in accessory buildings providing tourists/visitors temporary accommodations and providing meals in the principal dwelling unit.

WAREHOUSE means the use of buildings and structures for shipping, receiving and storage of goods.

WATERCOURSE means any natural or constructed channel with well-defined banks that gives direction to a current of flowing water for at least 6 months of the year.

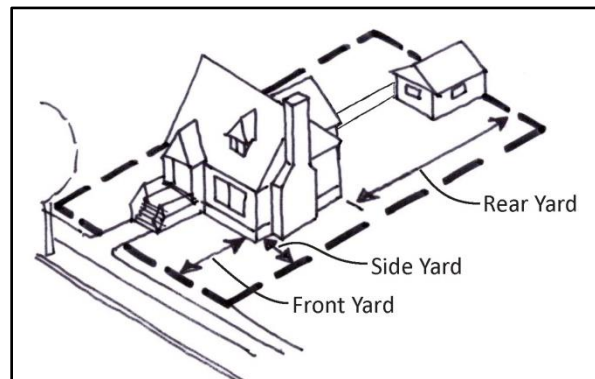

WHOLESALE ESTABLISHMENT means the use of buildings and structures for the storage and sale of goods to the public, retailers, contractors, manufacturers or wholesale operators for resale.

YARD, FRONT means part of a parcel lying between the front parcel line and the front of the principal building and extended across the full width of the parcel, as shown in Figure 7.

YARD, REAR means part of a parcel lying between the rear parcel line and the rear of the principal building and extended across the full width of the parcel, as shown in Figure 7.

YARD, SIDE means part of a parcel extending from the front yard to the rear yard and lying between the interior or exterior parcel line and the closest side of the principal building, as shown in Figure 7:

Figure 7: Front, Rear and Side yards

ZONE means a zone established by this Bylaw.

3.0 GENERAL REGULATIONS

3.1 Permitted and Prohibited Uses

- .1 No land, building or structure may be used for a use that is not specifically listed under the heading “Permitted Use” in the Zone that the land, building or structure is located, and no building or structure may be placed, constructed, sunk into, erected, moved, sited, altered or enlarged for any use other than a specifically permitted use in that Zone. Furthermore:
 - a. A use listed under “Secondary Uses” is only permitted if a use under “Primary Uses” is lawfully established and ongoing.
 - b. A use listed under “Site Specific Permitted Uses” is only permitted on the specific parcels identified.
- .2 A use is only permitted if lawfully established and ongoing in accordance with:
 - a. Any applicable “Special Regulations”, as identified in each Zone; and
 - b. Such further general regulations applicable to the use, as identified throughout this Bylaw.
- .3 A use not specifically permitted in a Zone is prohibited from that Zone.

3.2 Utility Structures

Utility structures for transmission of water, sewage, electrical power, telephone, natural gas, cable television and other similar services (but not including sewage treatment plants or electrical substations) are permitted in all zones and individual parcels and the facilities are exempt from minimum parcel size requirements.

3.3 Urban Agriculture

- .1 The keeping of backyard hens and bees is a permitted use in the City of Terrace, as set out in the City’s Animal Control Bylaw.
- .2 The sale of Urban Agriculture products in the AR1 zone are subject to the *Agriculture Land Commission Act* and the *Agricultural Land Reserve Use, Subdivision and Procedure Regulations*.
- .3 The sale of Urban Agriculture products are permitted in the AR2, R1, and RS1 zones subject to the following:
 - a. The following items may be cultivated, harvested, kept, sorted cleaned, packaged and sold as part of Urban Agriculture.

i. Fruits	v. Honey	ix. Nuts
ii. Vegetables	vi. Plant cuttings	x. Eggs
iii. Flowers	vii. Seedlings	
iv. Herbs	viii. Seeds	

Amended by
Bylaw 2143-2018

Amended by
Bylaw 2143-2018
Bylaw 2305-2024

- b. The sale of products from Urban Agriculture is permitted subject to the following.
 - i. Only products produced from Urban Agriculture may be sold on the parcel of land from which they are produced.
 - ii. Only raw, unprocessed products are permitted to be sold
 - iii. Sales must only occur within a foodstand in the front yard subject to Section 3.3.3.c

- c. Foodstands are limited to the following:
 - i. No more than one foodstand is permitted per parcel
 - ii. Must not be greater than 1.85 m² in area
 - iii. Must not exceed a height of 3.1 m
 - iv. Cannot be fully enclosed
 - v. Is permitted to remain in the front yard without Urban Agriculture items for sale for eight consecutive days.
 - vi. Must be located within 6.0 m of the front parcel line

- d. Notwithstanding Section 3.3.3.a. Urban Agriculture does not include products regulated by the *Controlled Drug and Substances Act* of Canada.

3.4 Principal Buildings per Parcel

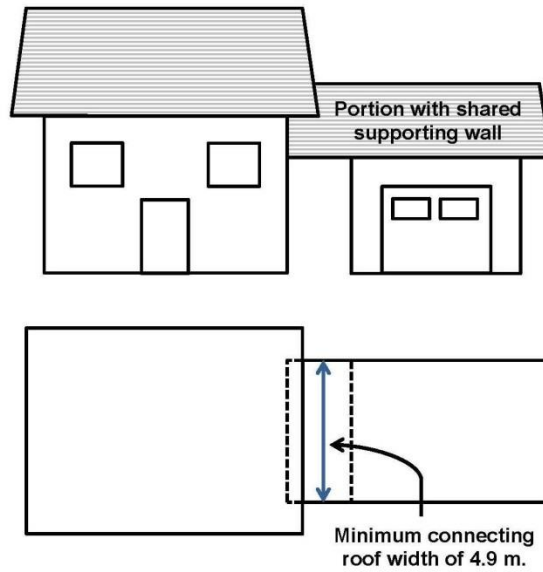

Only one principal building may be located on any one parcel, except as otherwise permitted in this Bylaw.

3.5 Accessory Buildings, Structures and Use

The following apply to accessory buildings and structures:

- .1 No accessory building, structure or use is permitted on any parcel unless the principal building to which the building, structure or use is an accessory has been erected or will be erected simultaneously with the accessory building, structure or use.
- .2 Where accessory buildings or structures are permanently attached to the principal building, they shall be considered part of the principal building and must comply in all respects with the requirements of the Bylaw applicable to principal buildings.
- .3 No accessory building or structure will be located in a front yard.
- .4 A minimum setback of 1.5 m is required between an accessory building and a principal residential building or another accessory building on the same parcel.
- .5 A portion of a principal use building is considered permanently attached when it has a continuous foundation or shared supporting wall with a minimum connecting roof width of 4.9 m. Without such attachments, the portion constitutes an accessory building (See Figure 8).

Figure 8: Connecting Roof Minimum Width

Amended by
Bylaw 2143-2018

- .6 Temporary structures such as portable or temporary fabric structures are permitted only in a side or rear yard, and are subject to the gross floor area, height and setbacks required for accessory buildings/structures in the applicable zone.

Amended by
Bylaw 2143-2018

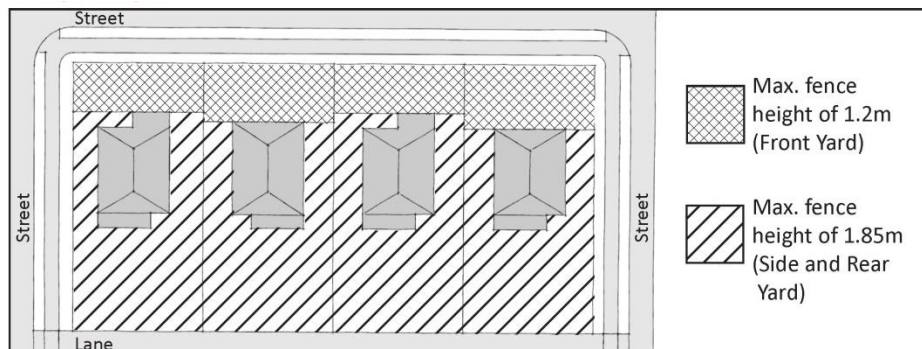

3.6 Fences

- .1 Subject to the visual clearance requirements of Section 3.9, fences must comply with Table 1 and Figure 9.

Table 1 – Maximum Fence Height

Zones	Maximum Fence Height	
	Front Yard	Side and Rear Yard
Agricultural and Residential	1.2 m	1.85 m
Commercial, Industrial and Public	1.2 m (1.8 m open mesh)	1.85 m (3.0 m open mesh)

Figure 9: Fence Height

*Amended by
Bylaw 2143-2018*

- .2 Notwithstanding Section 3.6.1:
 - a. Where the front parcel line is adjacent to an arterial roadway as identified in the OCP, the maximum height of a fence in the Agricultural and Residential zones may be increased to 1.85 m in the front yard; and
 - b. For a parcel within a Public zone where an open mesh fence is provided, the maximum height of the fence may be increased to 3.6 m.

*Amended by
Bylaw 2143-2018*

- .3 No fence is to be constructed using barbed wire except:
 - a. In an Agricultural zone and only for the containment of livestock; and
 - b. In Industrial or Public zones, or in the C3, ASC and GSC zones, if the barbed wire is kept above a height of 1.85 m.
- .4 No fence is to be constructed using electrified wire except in an Agricultural zone and only for the containment of livestock.
- .5 No fence in any zone is to be constructed using razor wire, ribbon wire, ultra-barrier wire, or any similar materials.

3.7 Height Exceptions

- .1 Where a zone includes a regulation entitled “Maximum Height”, or where this may be placed, constructed, sunk into, erected, moved, sited, altered or enlarged in a manner that permits the exceeding of the height specified for the zone in which the building or structure is located. For certainty, maximum height in any zone may vary according to the use of the building or structure.
- .2 Any of the following may exceed the maximum height regulations of this Bylaw:
 - a. Chimney stacks;
 - b. Church spire, belfry;
 - c. Communication towers;
 - d. Dome, cupola;
 - e. Hose and fire alarm tower;
 - f. Flag pole, lighting pole;
 - g. HVAC equipment;
 - h. Industrial cranes;
 - i. Mechanical appurtenance on rooftops, including satellite dishes or other telecommunications apparatus used for domestic or commercial purposes;
 - j. Monument, sculpture;
 - k. Radio and television tower or antenna;
 - l. Stadium bleachers;
 - m. Storage silos;
 - n. Skylights;
 - o. Transmission tower; and
 - p. Water tower.

Amended by
Bylaw 2143-2018

- .3 Any communication tower, radio and television tower or similar structure that is self-supporting or is supported by guy wires must be setback from any parcel line a minimum distance of 25 m or the height of the tower, whichever is less.

Amended by
Bylaw 2143-2018

3.8 Permitted Projections into Setbacks

- .1 The following may project a maximum of 0.6 m in to the minimum required setbacks:
 - a. Eaves, cornices, belt courses and other similar architectural features.
 - b. Windows and sills.
- .2 Structural features such as chimneys and cantilevered floor spaces, with a maximum length of 2.4 m, may project a maximum of 0.6 m into the minimum required setbacks as shown in Figure 10.
- .3 The following may project a maximum of 1.2 m or 50%, whichever is less, into the required interior and exterior side parcel line setbacks and 3.0 m or 50%, whichever is less, into the required front and rear parcel line setbacks:
 - a. Steps, covered or uncovered, with a maximum length of 2.5 m;
 - b. Balconies, patios or decks, covered or uncovered, that are no more than 40% of the length of the wall from which they are projecting;
 - c. Fabric canopies, sunshades or awnings supported only by the wall of the building from which they are projecting, that are no more than 40% of the length of the wall from which they are projecting;
 - d. None of the allowable projections in this section may be enclosed.
- .4 The following may project into a front yard or side yard provided that that they are located no closer than 4.5 m to a parcel line in an Industrial zone and 6.0 m to a parcel line in a Commercial zone:
 - a. Fuel pump island.

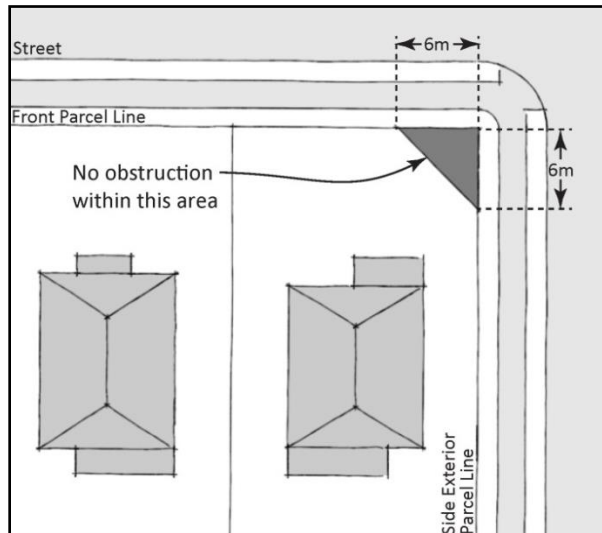

Figure 10: Permitted Projections into Setbacks (Chimney Example)

3.9 Visual Clearance at Intersections

In all zones, no fence, wall or structure is to be erected to a height greater than 1.0 m and no hedge, bush, shrub, tree or other growth will be maintained or allowed to grow so as to obstruct vision in the area bounded by the intersecting parcel lines at a street, lane or roadway corner, or driveway corner and a line joining points along the parcel line edge 6.0 m from their point of intersection as illustrated in Figure 11.

Figure 11: Vision Clearance at Intersections

Amended by
Bylaw 2143-2018

3.10 Density Bonus Provisions

- .1 The maximum density of apartments in the R4 and R5 zones, and the maximum density of mixed use buildings in the C1, C1-A and C7 zones, may be increased by the amount indicated in the additional regulations section of the respective zone, if one or more density bonus amenities are provided in accordance with Table 2 below. In Table 2, Column I sets out the density bonus amenity to be provided and Column II sets out the added density assigned for the provision of each amenity.

Table 2 - Density Bonus Amenity Contributions

COLUMN I AMENITY TO BE PROVIDED	COLUMN II DENSITY BONUS
a. Provision of accessible dwelling units which cater to persons with disabilities (e.g. wheelchair access)	2 units per hectare (per accessible dwelling unit provided)
b. Provision of daycare centre 10 persons 11 - 15 persons 16 or more persons	4 units per hectare 6 units per hectare 8 units per hectare
c. Provision of below grade parking facility for at least 50% of the required off-street parking	10 units per hectare
d. Provision of affordable rental dwelling units in accordance with an agreement under Section 905 of the <i>Local Government Act</i>	4 units per hectare (per affordable rental dwelling unit provided)

- .2 For Industrial Work Camp Accommodations the maximum base density of 500 sleeping units (1 person/unit) may be increased to a density of 3000 sleeping units (1 person/unit), by provision of amenity contributions in accordance with Table 2a below.

Amended by
Bylaw 2143-2018

Table 2a – Density Bonus Amenity Contribution for Industrial Work Camp Accommodation

COLUMN 1 AMENITY TO BE PROVIDED	COLUMN II DENSITY BONUS
a. The provision of a cash payment of \$500 per sleeping unit, paid as each unit becomes operational, to the Affordable Housing Fund, to be used in proximity to the contributing property.	501-1000 sleeping units
b. The provision of a cash payment of \$750 per sleeping unit paid as each unit becomes operational, to the Affordable Housing Fund, to be used in proximity to the contributing property.	1001-2000 sleeping units
c. The provision of a cash payment of \$1,000 per sleeping unit paid as each unit becomes operational, to the Affordable Housing Fund, to be used in proximity to the contributing property.	2001-3000 sleeping units

Amended by
Bylaw 2148-2018

3.11 Storefront Cannabis Retail Sales

- .1 “Drive thru sales” will not be permitted in relation to a Storefront Cannabis Retail Use.

- .2 No Storefront Cannabis Retail Use shall be located within a distance of 300 metres from any School Property. This distance is measured in a radius from the School Property Line to any portion of the Storefront Cannabis Retail Use.
- .3 No Storefront Cannabis Retail Use will be established within a 100 metre distance from another Storefront Cannabis Retail Use. This measurement is taken in a radius from the primary entrance.
- .4 Only one (1) Storefront Cannabis Retail Use will be permitted per parcel.

3.12 Microbrewery/Craft Distillery

*Amended by
Bylaw 2208-2020*

- .1 All processes, functions, and mechanical equipment associated with the use are limited to manufacturing activities which are not deemed to be noxious or offensive to adjacent properties of the general public.
- .2 A Microbrewery/Craft Distillery in any commercial zone must include a dedicated lounge area for customers to purchase alcohol products for onsite consumption that is endorsed by the Liquor and Cannabis Regulation Branch.

4.0 FLOODPLAIN SPECIFICATIONS

4.1 Floodplain Designation

The following land is designated as floodplain as per Section 910 of the *Local Government Act*:

- .1 Land designated as floodplain within the boundaries of the City of Terrace and as shown in the Official Community Plan;
- .2 Land lower than the flood levels specified in Section 4.2; and
- .3 Land within the setbacks specified in Section 4.3.

4.2 Flood Level

The following elevations are specified as the flood level, except that where more than one flood level is applicable, the higher elevation is the flood level:

- .1 The flood level for a specific parcel, as shown on the floodplain map in the Official Community Plan;
- .2 3.0 m above the natural boundary of Spring Creek;
- .3 1.5 m above the natural boundary of Howe Creek and Heek Brook; or
- .4 1.5 m above the natural boundary of any nearby water course.

4.3 Setback

The following distances are specified as the setback, except that where more than one setback is applicable, the greater distance is the setback:

- .1 60.0 m from the natural boundary of Skeena River;
- .2 30.0 m from the natural boundary of Kitsumkalum River;

- .3 15.0 m from the natural boundary of Spring Creek;
- .4 15.0 m from the natural boundary of Howe Creek and Heek Brook;
- .5 15.0 m from the natural boundary of any nearby watercourse; or
- .6 7.5 m from any dyke right-of-way.

4.4 Application of Floodplain Specifications

Where a flood level or setback has been specified:

- .1 No building used for habitation, business or storage of goods damageable by floodwaters is to be constructed on a parcel with the elevation of the underside of the floor system below specified flood level.
- .2 No area used for habitation, business or storage of goods susceptible to damage by floodwaters and no furnace, electrical switchgear or other fixed equipment damageable by floodwaters is to be located within any building, mobile manufactured home or unit, or modular home or structure at an elevation such that the underside of the floor system thereof is below specified flood level.
- .3 Any landfill required to support a floor system or pad cannot extend within any setback from a water course or body of water specified by this bylaw.
- .4 Structural support or compacted landfill or a combination of both may be used to elevate the underside of the floor system or the top of the pad above the flood level specified in Section 4.2. The structural support or landfill is to be protected against scour and erosion from flood flows, wave action, ice and other debris.
- .5 The Building Inspector, or such person appointed by the Council of the City of Terrace may require that a British Columbia Land Surveyor's certificate be required to verify compliance with the flood level and setback specified in Sections 4.2 and 4.3. The cost of verification is assumed by the land owner.

4.5 General Exemptions

- .1 The following types of development are exempt from the flood level specified in Section 4.2 of this Bylaw:
 - a. A renovation of an existing building or structure that does not involve an addition thereto;
 - b. An addition to a building or structure, at the original non-conforming floor elevation, that would increase the size of the building or structure by less than 25% of the ground floor area (excluding carports or garages) existing at the date of adoption of this Bylaw, provided that the degree of nonconformity regarding setback is not increased;
 - c. That portion of a building or structure to be used as a carport, garage or entrance foyer;
 - d. Farm buildings other than dwelling units and closed-sided livestock housing; and
 - e. Industrial uses, other than main electrical switchgear, are exempt from the flood level specified in Section 4.2 of this Bylaw, provided the use is located with the underside of a wooden floor system or the top of pad no lower than 0.6 m lower than the specified flood level.

4.6 Site Specific Exemptions

Amended by
Bylaw 2143-2018

In accordance with Section 524 of the *Local Government Act* the City of Terrace may provide an exemption from the provisions of Sections 4.2 (Flood Level) or 4.3 (Setback) of this Bylaw subject to the following conditions.

- .1 The property owner shall submit a completed application, provided by the City of Terrace, requesting a site specific exemption from the provisions of Sections 4.2 and/or 4.3 of this bylaw.
- .2 The property owner, at their own expense and subject to the terms and conditions of the City of Terrace, shall provide a certified technical report from a Qualified Professional, indicating how the land may be safely developed for the intended use.
- .3 The property owner, at their own expense and to the satisfaction of the City of Terrace, shall prepare and register a restrictive covenant under Section 219 of the *Land Title Act* in favour of the City of Terrace that includes:
 - a. the conditions that enable the land to be safely used for the intended use according to the terms of a technical report prepared by a Qualified Professional, which will form part of the restrictive covenant;
 - b. that the land be developed in accordance with all requirements and guidelines set out in a technical report prepared by a Qualified Professional including the construction or alteration of any buildings or structures on the land;
 - c. acknowledgment that there is potential flood or erosion danger to the land, and;
 - d. the release and indemnification of the City of Terrace from liability in the event any damage is caused by flooding or erosion.
- .4 For the purposes of this section a Qualified Professional means an engineer or geoscientist experienced and trained in geotechnical study and geohazard assessment and who is registered or licensed under the provisions of the *Engineers and Geoscientists Act*.
- .5 None of the provisions in this section (Section 4.6) are a substitute for any requirements under Section 56 of the *Community Charter*.

4.7 Property Specific Exemptions

Amended by
Bylaw 2086-2015
Bylaw 2137-2017
Bylaw 2143-2018
Bylaw 2193-2020
Bylaw 2299-2024

- .1 Despite the regulations within Section 4.0 Flood Specifications, the following provisions shall apply:
 - a. The setback from the natural boundary of the Skeena River shall be 20 m on Lot 1, District Lot 360 and 369, Range 5, Coast District, Plan EPP43728
 - b. The setback from the natural boundary of the Skeena River shall be 20 m on Lot B, District Lot 360, Range 5, Coast District, Plan EPP40634
 - c. The setback from the natural boundary of Heek Brook shall be 7.5 m on Lot B, District Lot 977, Range 5, Coast District, Plan BCP42100
 - d. The setback from the natural boundary of the Skeena River shall be 19.9 meters on Lot 1 of District Lot 360, Range 5 Coast District, Plan BCP6039 only as shown on Explanatory Plan BCP6042.

- e. The setback from the natural boundary of the Skeena River shall be 40.0 metres on Lot A, District Lot 360, Range 5, Coast District, Plan PRP14815.
- f. The setback from the natural boundary of the Skeena River shall be 4.0 metres on Lot 7, District Lot 615, Range 5, Coast District, Plan 4539.

5.0 SCREENING AND LANDSCAPING

5.1 Screening and landscaping are required under the following conditions:

- .1 All portions of a developed parcel not covered by buildings, structures, or paved areas must be landscaped.
- .2 Except in the C1, C1-A, C6 and C7 zones, a landscaping strip of a minimum 2.5 m in width must be provided along the parcel lines which are adjacent to a street.
- .3 On all Commercial and Industrial zoned parcels, screening of not less than 1.8 m in height must be provided between any outdoor storage or off-street parking areas and any adjacent Residential zoned parcel.
- .4 On all Industrial zoned parcels, screening of not less than 1.8 m in height must be provided between any Industrial buildings or structures and an adjacent Commercial or Residential zoned parcel.
- .5 On all Commercial zoned parcels, screening of not less than 1.8 m in height must be provided between any commercial buildings or structures and an adjacent Industrial or Residential zoned parcel.
- .6 On Commercial, Industrial and Multi-family zoned parcels screening of not less than 1.8 m in height must be provided for any waste collection or diversion bins by means of an enclosure structure, fencing or landscape plantings or a combination thereof.

Bylaw 2143-2018*

*Amended by
Bylaw 2143-2018*

6.0 SUSTAINABLE BUILDING TECHNOLOGIES

6.1 Solar Energy Structures

In the AR1, AR2, RS1, and R1 Zones, solar energy structures shall be permitted on or within a principal or accessory building, under the following conditions:

- .1 The structure cannot extend beyond the outermost edge of the roof.
- .2 The structure cannot exceed the maximum permitted height of the respective zone.

*Amended by
Bylaw 2305-2024*

6.2 Solar Energy Structures – Commercial, Industrial, Public and Multi-Family Residential Zones

In the Commercial, Industrial and Public zones, and in the R3, R4, R5 and R7 zones, solar energy structures are permitted on or within a principal or accessory building or under the following conditions:

- .1 In the event a solar energy structure is located on or within a principal building, the structure must not extend vertically beyond the maximum permitted height of the respective zone by more than 3.0 m.

- .2 In the event a solar energy structure is located on or within a principal building, the structure cannot extend horizontally beyond the outermost edge of the roof.

6.3 Wind Energy Structures – Small Scale

Small scale wind energy structures generating up to 10.0 kW are a permitted use in the Public zones and the AR1 and AR2 zones, under the following conditions:

- .1 The parcel on which a small scale wind energy structure is located must be 0.5 ha or greater in size.
- .2 All above-ground parts of the small scale wind energy structure must be subject to the zoning requirements for an accessory building on a parcel.
- .3 Only one small scale wind energy structure is permitted on each parcel.
- .4 The maximum height of a small scale wind energy structure (including the blades) must be 12 m, as measured from the finished grade.
- .5 A small scale wind energy structure tower shall be wholly contained on a parcel and have a minimum separation from any parcel line that is a distance equal to 125% of the total height of the structure (including support structure and blades).

6.4 Geothermal Energy Structures

Geothermal energy structures are permitted in all zones, under the following conditions:

- .1 All above-ground parts of the geothermal energy structure shall be subject to the zoning requirements for an accessory building or structure on a parcel.
- .2 The underground geothermal energy components shall be a minimum 3.0 m away from all adjacent parcels.
- .3 Geothermal energy systems requiring access to any watercourses must be authorized by the Provincial or Federal Government.

6.5 Renewable Energy Systems and Infrastructure

Renewable and co-generation energy devices are permitted in all zones, under the following conditions:

- .1 There must be an active principal use on a parcel in order to locate a private renewable energy or co-generation device on the Parcel.

6.6 Building / Structure Type

Sustainable building/structure forms that are purposely designed and constructed for the efficient use of materials, or to reduce energy needs, shall be permitted in all zones and include, but are not limited to the following:

- .1 Passive, net zero, Manufactured Home (Modular) or other off-site manufactured structures. This does not include Manufactured Home (Mobile) forms of residential dwellings, which are only permitted within a Manufactured Home Park.

*Amended by
Bylaw 2143-2018*

7.0 SUPPLEMENTAL REGULATIONS FOR CERTAIN USES OR CIRCUMSTANCES

7.1 Home Occupation

The following regulations apply to all levels of home occupations:

- .1 All home occupations shall be secondary to a primary residential use on the same parcel.
- .2 All home occupations shall be wholly contained within the principal dwelling or an accessory building.
- .3 No offensive noise, vibration, traffic, smoke, dust, odour, heat, glare, electrical or radio disturbance shall be produced by a home occupation.
- .4 No exterior alterations are permitted that are not consistent with the residential character of the buildings.
- .5 All home occupations require a City of Terrace Business License.
- .6 A dwelling unit may have a maximum of two licensed home occupations, only one of which may be a Level 2 or Level 3 home occupation.
- .7 Signs advertising a home occupation are subject to the City of Terrace Sign Bylaw.
- .8 All Level 1 home occupations must comply with the following:
 - a. A Level 1 home occupation is permitted within all zones that allow residential buildings.
 - b. The total area of a Level 1 home occupation may not exceed 30% of the gross floor area of the dwelling unit.
 - c. There shall be no outside storage related to the home occupation.
 - d. A Level 1 home occupation must be carried on only by a member or members of the household residing in the dwelling unit in which the home occupation is carried out.
 - e. A Level 1 home occupation shall generate no client visits to the property.
 - f. No additional off-street parking is required for a Level 1 home occupation.
 - g. Level 1 home occupations may include activities such as the following:
 - i. Artist studio;
 - ii. Web programming, graphic design or writing; and
 - iii. Consulting, bookkeeping or accounting.
- .9 All Level 2 home occupations must comply with the following:
 - a. A Level 2 home occupation is permitted on parcels with a minimum size of 550 m².
 - b. The total area of a Level 2 home occupation may not exceed 30% of the gross floor area or 90 m² of the principal building, whichever is less.
 - c. There shall be no outside storage related to the home occupation.
 - d. A Level 2 home occupation must be carried on by a member or members of the household residing in the dwelling unit in which the home occupation is carried out, and may employ no more than one non-resident employee.
 - e. A Level 2 home occupation shall not generate more than twenty client visits per day and no more than two client visits to the parcel at any given time.
 - f. One additional off-street parking space is required for a Level 2 home occupation.

*Amended by
Bylaw 2143-2018*

*Amended by
Bylaw 2143-2018*

*Amended by
Bylaw 2143-2018*

- g. Level 2 home occupations may include activities such as the following:
 - i. Teaching or tutoring;
 - ii. Photography studio;
 - iii. Personal services such as hairdressing or esthetics;
 - iv. Small equipment repair; and
 - v. Bed and breakfast.
 - 1. A bed and breakfast shall operate only within the principal dwelling.
 - 2. A bed and breakfast shall not exceed 4 sleeping units accommodating a maximum of 2 guests per sleeping unit.

*Amended by
Bylaw 2143-2018*

- .10 All Level 3 home occupations must comply with the following:
 - a. A Level 3 home occupation is permitted only on parcels with a minimum parcel size of 2,700 m².
 - b. The total area including outdoor storage of a Level 3 home occupation may not exceed 200 m².
 - c. Outside storage of materials, commodities, or finished products is permitted, provided that the storage area is screened from adjacent properties and rights-of-way with solid fencing, landscaping or buildings.
 - d. A Level 3 home occupation must be carried on by a member or members of the household residing in the dwelling unit in which the home occupation is carried out, and will employ no more than two non-resident employees.
 - e. Level 3 home occupations shall not generate more than five client visits to the site from which the occupation is being operated at any given time.
 - f. One additional off-street parking space is required for a Level 3 home occupation.
 - g. Level 3 home occupations may include activities such as the following:
 - i. All Level 1 and 2 home occupations;
 - ii. Group lessons or counselling, to a maximum of six individuals per session;
 - iii. Trade contractor; and
 - iv. Vehicle and machinery repair.

*Amended by
Bylaw 2143-2018*

- .11 Notwithstanding Section 7.1.10, a trade contractor as a Level 3 home occupation shall be limited to parcels zoned AR1 or AR2, subject to the following regulations:
 - a. 7.5 m minimum side and rear parcel line setbacks shall be required from all associated storage and accessory buildings.
 - b. A maximum floor area of 90 m² in accessory building(s) shall be permitted with this Level 3 home occupation.
 - c. A maximum outdoor storage area of 70 m² shall be permitted with this Level 3 home occupation. Outdoor storage areas shall be screened as per Section 5.0 of this Bylaw.
 - d. A maximum of three non-resident (not living in the household) employees shall be permitted.

7.2 Shipping Containers

Shipping containers are permitted under the following conditions:

- .1 Shipping containers are permitted in the C3, M1, M3, ASC, GSC and AO zones for storage use only, and in the M2 zone for any of the uses permitted in the zone.
- .2 Shipping containers must not be used in the C3, M1, M3, ASC and GSC zones as workspaces, assembly shops, dwelling units or any other form of accommodation, including offices.
- .3 Shipping containers must not be permanently placed on any zone that is not listed in Section 7.2.1.
- .4 Shipping containers are not permitted within the front yard, or in any areas required for landscaping or off-street parking.
- .5 Shipping containers must not be located on any highway, sidewalk or trail, or in any location that blocks or interferes with vehicle or pedestrian movement.
- .6 Shipping containers must be screened from adjacent properties and rights-of-way with fencing, landscaping or by being placed behind, between or within buildings.
- .7 Shipping containers must not display any logos or otherwise be used as a sign.
- .8 Shipping containers must not exceed a height of 2.6 m in the C3, M1, M3, ASC, GSC and AO zones.
- .9 The maximum number of shipping containers located on a parcel in the C3, M1, M3, ASC and GSC zones must not exceed one for the first 0.4 hectare of parcel area and one for each additional 0.4 hectare of parcel area, to a maximum of two shipping containers in the C3 zone and four shipping containers in the M1, M3, ASC, GSC and AO zones.
- .10 There is no limit to the number of shipping containers permitted on a parcel zoned M2.
- .11 Notwithstanding Section 7.2.3, one shipping container must be permitted in any zone on a temporary basis during the construction of a building or structure on the same parcel, on the condition that the container is used only for storage and is removed prior to the completion of the building and issuance of occupancy.

7.3 Secondary Suites

Secondary suites where permitted in this Bylaw must comply with the following:

- .1 A secondary suite is permitted in a single detached dwelling and semi-detached dwelling in the AR1, AR2, RS1, and R1 zones.
- .2 A secondary suite is not permitted in conjunction with the keeping of boarders or the operation of a bed and breakfast.
- .3 A secondary suite is not permitted in conjunction with the operation of Level 2 or 3 home occupations, unless the minimum parcel size is 650 m².
- .4 One off-street parking space must be provided for the secondary suite.
- .5 A secondary suite must be located on a parcel which forms a single real estate entity. Strata titling of a secondary suite is not permitted.

*Amended by
Bylaw 2143-2018*

*Amended by
Bylaw 2305-2024*

7.4 Temporary Use Permits

Amended by
Bylaw 2143-2018

In accordance with Section 492, up to and including Section 497 of the *Local Government Act*, Temporary Use Permits may be issued to permit uses that would not otherwise be permitted on parcel.

- .1 Temporary Use Permit may be allowed only within the following areas:
 - a. Agricultural zones;
 - b. Industrial zones;
 - c. Public zones;
 - d. C3 Service Commercial zone;
 - e. GSC Groundside Commercial zone; and
 - f. ASC Airside Commercial zone.

- .2 A Temporary Use Permit may:
 - a. Allow a Commercial or Industrial use not permitted in the area;
 - b. Specify conditions under which the temporary use may be carried on; and
 - c. Allow and regulate the construction of buildings or structures in respect of the temporary use for which the permit is issued.

- .3 The following general conditions shall be considered before a Temporary Use Permit is issued:
 - a. The consistency of the proposed use with the Official Community Plan designation for the land, any neighbourhood plan applying to the land and any other relevant policies adopted by Council.
 - b. The nature and extent of any community benefit from the proposed use if it is not consistent with any such plan or Council policy.
 - c. If the proposed use is of a temporary nature or whether it would be more appropriate for the City to consider permitting the use by rezoning.
 - d. The compatibility and impact of the proposed use, including its operation, function, appearance and intensity of use on the surrounding area.
 - e. The plan for relocation of the proposed use once the permit has lapsed.

- .4 A Temporary Use Permit may specify:
 - a. The demolition of a building or structure associated with the permit or the restoration of land as described in the permit to a condition specified in the permit by the date specified in the permit.
 - b. That the applicant deposit securities to guarantee the performance of the terms of the permit.
 - c. The form of security and means for determining when there is default under the permit and the amount of the security that forfeits to the local government in the event of default.

8.0 OFF-STREET PARKING AND LOADING

8.1. Application of Regulations

Off-street parking and loading, in respect of a use permitted under this Bylaw shall be provided and maintained in accordance with the regulations of this section.

8.2. Number of Off-Street Parking Spaces for Motor Vehicles and Bicycles

- .1 The number of off-street parking spaces for any use shall be calculated in accordance with Tables 3 and 4 respectively, in which Column I classifies the types of uses and Column II sets out the number of required off-street parking spaces that are to be provided for each use in Column I.
- .2 In respect of a use permitted under this Bylaw which is not specifically referred to in Column I of Table 3 or Table 4, the number of off-street parking spaces is calculated on the basis of the requirements for a similar use that is listed in Table 3 or Table 4.
- .3 The number of off-street motor vehicle parking spaces required for any use in the C1, C1-A, and C7 zones may be reduced through a Development Variance Permit or Development Permit, as outlined below:
 - a. C1 zone – Up to 50% reduction of the total number of spaces required;
 - b. C1-A and C7 zones – Up to 25% reduction of the total number of spaces required; and
 - c. C1, C1-A and C7 zones – Up to 75% of the total number of spaces required for any use may be provided through Cash-in-Lieu payment.
- .4 The variances in Section 8.2.3 will be considered as a means to support downtown revitalization efforts to encourage a compact and walkable downtown core, and to support sustainable modes of transportation in the downtown area.
- .5 Where the calculation of the required off-street parking spaces results in a fraction, one parking space shall be provided in respect of the fraction.
- .6 Where seating spaces is the basis for a unit of measurement under this section and consists of benches, pews, booths or similar seating accommodation, each 0.5 m of width of such seating shall be deemed to be one seat or seating place.
- .7 Where more than one use is located on a parcel, or where more than one use is located within a building, the total number of parking spaces to be required must recognize the multiple uses and determine the number of spaces required based on the various portions of the parcel or buildings dedicated to each use.
- .8 Where more than one standard may apply to a use, the standard requiring the greatest number of parking spaces shall be used.

*Amended by
Bylaw 2143-2018*

.9 Prohibited Vehicle Parking:

- a. Except when loading or unloading or while temporarily parked to carry out business or construction on a parcel, the number of Commercial or Contractor Vehicles or Contracting Equipment permitted to park on an Agricultural or Residential zoned parcel shall be as follows:
 - i. None on R3, R4, R5, R6 and R7 zoned lots except where a vehicle or equipment is used on-site for snow removal, is owned by a strata corporation and is stored in a dedicated, on-site, screened compound or accessory structure.
 - ii. None on RS1 zoned lots with a parcel size less than 2700 m².
 - iii. One on RS1 zoned lots with a parcel size greater than 2700 m² and less than 4,100 m². Parking must be in the rear or side yard.
 - iv. Not more than two on and RS1 zoned lots with a parcel size 4,100 m² or greater. Parking must be in the rear or side yard.
 - v. No more than four, of which only one can be a commercial vehicle, may be parked on AR1 and AR2 zoned lots. Parking must be in the rear or side yard. This does not include vehicles or equipment used exclusively for agriculture purposes on the parcel.

School (Elementary or Secondary)	4 bicycle parking, short-term spaces per classroom

8.3. Off-street parking spaces in the C1, C1-A, C2 and C7 zones shall be provided as follows:

- .1 Off-street parking spaces may be provided on the parcel.
- .2 Off-street parking spaces may be provided within a walking distance of 230 m from the parcel, provided the spaces are available for the lifetime of the use served, by means of a covenant and easement or access agreement registered in the Land Title Office.
- .3 Cash-in-lieu at the rate specified in the Planning Fees Bylaw and amendments thereto may be provided for required off-street parking spaces, under the following conditions:
 - a. The required number of off-street parking spaces cannot be provided on the subject parcel, or on a parcel located within 230 m from the subject parcel.
 - b. Payment must be deposited in a reserve fund to assist in providing downtown off-street parking spaces or facilities to support sustainable modes of transportation.

8.4. Off-Street Parking Standards

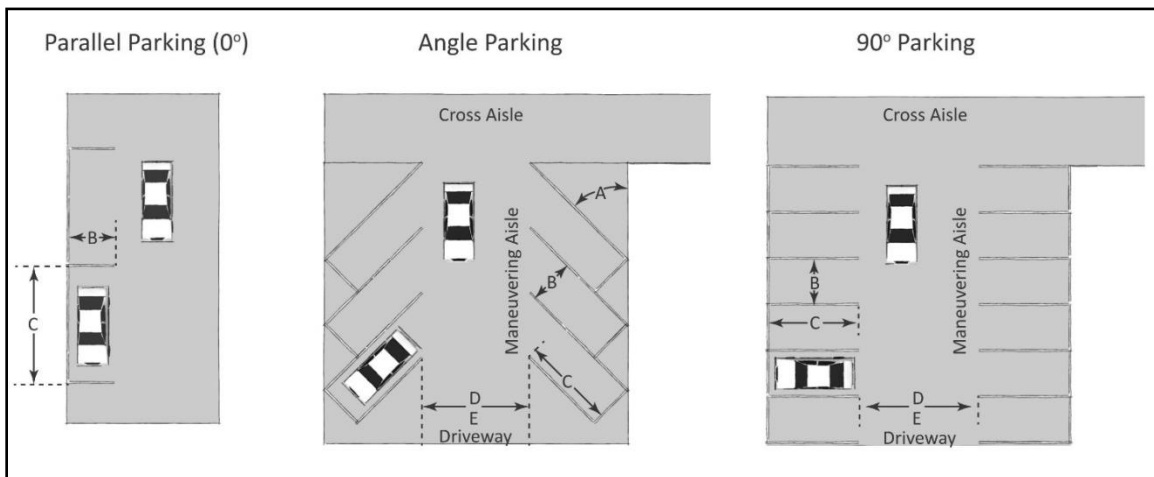

- .1 The minimum parking space dimensions for motor vehicles, not including commercial vehicles, shall be in accordance with Table 5 and Figure 12.

.2

Table 5 – Off-Street Motor Vehicle Parking Dimensions

Angle (Degree)	Space Width	Space Length	Driveway Width One-Way	Driveway Width Two-Way
A	B	C	D	E
0°	3.0 m	7.3 m	3.5 m	6.0 m
30°	2.8 m	6.1 m	3.5 m	6.0 m
45°	2.8 m	5.8 m	4.0 m	6.0 m
60°	2.8 m	5.5 m	5.5 m	6.0 m
90°	2.8 m	5.5 m	7.0 m	7.0 m

Figure 12 – Off-Street Motor Vehicle Parking Dimensions

- .3 All off-street motor vehicle parking spaces shall have a minimum 2.1 m overhead height clearance.
- .4 Adequate provision shall be made for vehicle movement to all off-street motor vehicle parking spaces at all times by means of unobstructed maneuvering aisles and cross aisles, having widths not less than:
 - a. 7.0 m, where parking spaces are located at 90° to the maneuvering aisle providing access to the space.
 - b. 6.0 m, where parking spaces are located at 60° or less to the maneuvering aisle providing access to the space.
 - c. One-way cross aisles shall have a minimum width of 4.0 m. Two-way cross aisles shall have a minimum width of 7.0 m. Cross aisles are traffic corridors connecting maneuvering aisles.
 - d. All parking and loading areas shall be provided with adequate curbs in order to retain all vehicles within such permitted parking areas, and ensure that required fences, walls, hedges or landscaped areas, as well as any buildings, will be protected from parked vehicles.

- e. Parking and loading areas shall be surfaced with:
 - i. An asphalt, concrete, brick or similar pavement that provides a surface which is durable and dust-free and shall be graded and drained as to properly dispose of all surface water.
 - ii. A permeable surface material, including porous pavement, pervious unit paver systems or unit grass pave systems, that allows all precipitation events to infiltrate into the underlying soil.
 - iii. In the case of single detached and semi-detached dwellings, an alternative finished surface treatment such as crushed gravel.
- f. All parking and loading areas shall illuminate to a minimum of 5.8 lux/ m².
- g. Any lighting installed to illuminate a parking space, loading space or parking facility shall be directed to that parking area and not on any adjacent parcels.

8.5. Accessible Motor Vehicle Parking Spaces

*Amended by
Bylaw 2143-2018*

All commercial, industrial, public and apartment uses must provide 4% of the total required number of off-street motor vehicle parking spaces or a minimum of 1 space, whichever is greater, for the use of persons with physical disabilities. Each space shall comply with the requirements of the British Columbia Building Code and must be:

- .1 A minimum of 3.7 m in width;
- .2 Located as close as reasonably possible to a building entrance;
- .3 Be clearly identified as an accessible parking space.

8.6. Off-Street Loading Requirements

- .1 The number of loading spaces required for any use shall be calculated in accordance with Table 6, in which Column I classifies the types of uses and floor area thresholds, and Column II sets out the number of required loading spaces that are to be provided for each use and threshold in Column I.
- .2 Where the calculation of the required off-street loading spaces results in a fraction, one loading space shall be provided in respect of the fraction.
- .3 Off-street loading spaces shall be located on the same parcel as the use they serve.
- .4 No use may be undertaken on any parcel unless the off-street loading requirements in this Bylaw have been met for that use.
- .5 Off-street parking spaces shall not be counted as off-street loading spaces.
- .6 Each off-street loading space shall not be less than 8.0 m in length, 3.5 m in width and provide no less than 4.0 m of overhead height clearance.
- .7 Loading spaces on a parcel shall not interfere with vehicle traffic, pedestrian movement or access to off-street parking spaces.
- .8 Where more than one use is located on a parcel, or where more than one use is located within a building, the total number of off-street loading spaces to be required must recognize the multiple uses and determine the number of spaces required based on the various portions of the parcel or buildings dedicated to each use.

.9

9.1 Zone Title

The correct name of each zone provided for in this Bylaw is set out in Column I of Table 7. The zone names and grouping into categories reflects the predominant uses for the respective zones, but mixed uses and uses from other categories may be permitted in accordance with the detailed listing and regulations in each respective zone and this Bylaw.

9.2 Location of Zones

The location of each zone is established on Schedule B, the Zoning Map of this Bylaw which is attached hereto and forms part of this Bylaw. The prohibitions, regulations and requirements of each zone in the Bylaw are applicable to the areas designated on the Zoning Map with the corresponding alpha-numeric “abbreviation”.

9.3 Zone Boundaries

Where a zone boundary is shown on Schedule B, the Zoning Map, as following a feature such as a highway or rail right-of-way or water course, the centreline of such right-of-way or water course shall be the zone boundary. Where the zone boundary does not follow a legally defined line, and where the distances are not specifically indicated, the location of the zoning boundary shall be determined by the City of Terrace by scaling from the Zoning Map.

9.4 Zone Regulations

- .1 In each zone, the table in the Regulations section sets out the subdivision and development regulations that apply to all parcels in that zone. Column I of the table sets out the matter to be regulated and Column II sets out the regulations.
- .2 No building or structure is to be constructed, located or altered which contravenes the Regulations section of the applicable zone.
- .3 Where a zone includes a regulation entitled “Parcel Area”, or this Bylaw otherwise refers to a minimum or maximum parcel area, then no parcel may be created by subdivision that has an area less than, or greater than, respectively the figure specified for the zone in which the parcel is located.
- .4 Where a zone includes a regulation entitled “Parcel Width”, or this bylaw otherwise refers to a minimum or maximum parcel width, then no parcel may be created by subdivision that has a parcel width less than, or greater than, respectively the figure specified for the zone in which the parcel is located.

9.5 Accessory Uses

Uses that are deemed as accessory shall be permitted in all zones provided a primary use has been established on the parcel.

10.0 AGRICULTURAL ZONES

10.1 AR1 - Agricultural

Purpose: To identify and preserve suitable land for agricultural use. This zone includes all lands within the Agricultural Land Reserve.

.1 Permitted Uses

The following uses are permitted in the AR1 zone:

Primary Uses

- Agriculture
- Intensive Agriculture
- Medical Marihuana Production Facility
- Single Detached Dwelling

Secondary Uses

- Accessory Dwelling Unit
- Family Child Care
- Home Occupation – Level 1, 2 or 3
- Kitchen, Secondary
- Secondary Suite
- Vacation Accommodation

.2 Site Specific Permitted Uses

In addition to the uses listed in Section 10.1.1, the following site-specific use(s) are permitted in the AR1 zone, only at the location(s) specified:

- a. Industrial Equipment Sales, Leasing and Storage, on: Southeast ¼ of District Lot 1733, Range 5, Coast District.
- b. Manufacturing, General and Outdoor Storage, limited to explosive manufacturing, storage and related operations on District Lots 930 and 997, Range 5, Coast District

Bylaw 2305-2024

COLUMN I	COLUMN II
.1 Minimum Parcel Area	80,000 m ² (8.0 hectares)
.2 Minimum Parcel Width	50.0 m
.3 Minimum Setbacks (Residential Building/Structure)	
a. front parcel line	7.5 m
b. interior side parcel line	3.0 m
c. exterior side parcel line	7.5 m
d. rear parcel line	7.5 m
.4 Minimum Setbacks (Accessory Building/Structure)	
a. front parcel line	7.5 m
b. interior side parcel line	3.0 m
c. exterior side parcel line	3.0 m
d. rear parcel line	3.0 m
.5 Minimum Setbacks (Agriculture and Intensive Agriculture Buildings/Structures) unless as specified elsewhere in the bylaw.	
a. front parcel line	25.0 m
b. interior side parcel line	7.5 m
c. exterior side parcel line	7.5 m
d. rear parcel line	7.5 m
.6 Maximum Number of Principal Buildings/Structures	
a. residential buildings/structures	1 per parcel
b. agricultural buildings/structures	unlimited
.7 Maximum Building/Structure Height	
a. residential building/structure	9.0 m
b. agricultural building/structure	12.0 m
c. accessory building/structure	5.1 m
d. accessory dwelling unit	9.0 m
.8 Building/Structure Dimensions	
a. minimum width of residential building/structure	4.9 m
b. maximum length to width ratio of residential building/structure	3:1
.9 Maximum Gross Floor Area of Accessory Buildings/Structures	
a. accessory building/structure	90 m ²
b. accessory dwelling unit	90 m ²
.10 Parking	Required as per Section 8.0

.4 Additional Regulations for this Zone

- a. A medical marijuana production facility shall only be permitted if the use is located within the Agricultural Land Reserve and a minimum distance of 30 m from all parcel lines.
- b. A family child care shall only be permitted in a single detached dwelling or a non-agricultural accessory building/structure.
- c. In addition to the setbacks required in Sections 10.1.3. the following minimum setbacks are required:
 - i. All Agriculture and Intensive Agriculture buildings and structures must be located at least 30 metres from any other zone boundary.
 - ii. Confined livestock/poultry areas must be located at least 30 metres from a watercourse.
 - iii. The storage of compost and agriculture waste must be at least 60 metres from any other zone boundary and 30 metres from the natural boundary of a watercourse, including the Eby Street drainage extension.
 - iv. All Agriculture and Intensive Agriculture buildings and structures must have a minimum separation of 3.0 m from any adjacent building or structure.
- d. Greenhouses
 - i. Greenhouses with a gross floor area of 90 m² or less are considered an accessory building/structure and must meet all the regulations for accessory buildings and structures required in Section 10.1.3.
 - ii. Greenhouses with a gross floor area greater than 90 m² are considered an agriculture building/structure and must meet all the regulations for agriculture buildings and structures required in Section 10.1.3.
 - iii. Lighting is permitted in all greenhouses but must be installed so that glare or bright light does not negatively impact neighbouring properties.
- e. In addition to Section 10.1.3.4, a building or structure accessory to a residential use must be located within 25 metres of the front lot line or within 15 metres of a residential building.

Amended by
Bylaw 2143-2018

10.2 AR2 - Rural

Purpose: To provide for compatible agricultural and residential uses on large un-serviced parcels in a rural setting.

.1 Permitted Uses

The following uses are permitted in the AR2 zone:

Primary Uses
<ul style="list-style-type: none">• Agriculture• Single Detached Dwelling
Secondary Uses
<ul style="list-style-type: none">• Accessory Dwelling Unit• Family Child Care• Home Occupation – Level 1, 2 or 3• Kitchen, Secondary• Secondary Suite

.2 Site Specific Permitted Uses

In addition to the uses listed in section 10.2.1, the following site-specific use(s) are permitted in the AR2 zone, only at the location(s) specified:

- a. Intensive Agriculture, limited to an egg production facility with a maximum capacity of 80,000 egg laying chicken hens, on the property legally described as Lot 1, District Lot 977, Range 5, Coast District, Plan EPP7399
