

Social Health

Goals

1. Develop a community space and infrastructure that can grow and change to respond to community needs. It needs to be central, accessible, affordable, safe and diverse (perhaps the co-op site).

2. Increase free accessible activities and events for children and youth from ages 0 to 18.

3. Enhance opportunities for multi-cultural exchanges and learning.

4. Get people off the streets and into homes and provide ways for unemployed to work in the community.

5. Create a network of safe places for people to seek refuge and find ways to become part of a more healthy community.

Measurable Outcomes

1a. In 2 years, acquire or commit property and develop a master plan through community input. (follow the 4 pillars of sustainability)

1b. In 5 years, complete construction.

2a. In 6 months, develop events, offer free transportation to event and publicize widely.

3a. Immediately, hold free multi-cultural activities and dinners 4 times a year in open spaces such as community spaces, schools and arenas.

4a. Build a halfway house that homeless can live in if they contribute with labour.

4b. Develop a staffing schedule with some essential work done by paid employees and other more flexible work completed by volunteers.

5a. Organize an outreach campaign to talk with street people and get to know their needs and story and help them with their goals.

Arts and Culture

Goals

1. Create community spaces to congregate and learn.

2. Showcase Terrace as a cultural community with a sustainable identity.

3. More opportunities to showcase local talent in arts and music.

Measurable Outcomes

1a. Develop a role for a community organizer to gather and coordinate community events.

2a. Work closely with First Nations, youth, arts and music groups to create an overarching community identity.

3a. A new café in George Little Park should include a performance stage, outdoor seating and affordable refreshments.

These are some examples. What are your goals and desired outcomes?
