

**NEWS RELEASE – MID-JULY OPENING NOW SCHEDULED
FOR TERRACE & DISTRICT AQUATIC CENTRE**

Terrace, BC

SUMMARY

The Terrace and District Aquatic Centre (TDAC) Revitalization Project is nearing completion. The City of Terrace and Regional District of Kitimat Stikine are excited to see this project move into its final stage of construction, pool commissioning and staff training.

We would like to extend a huge thank you to the public for their patience during the project.

KEY POINTS

The project team is pleased to share that the TDAC Revitalization Project is on budget, the last of the construction is being wrapped up, and will be followed by pool commissioning and mechanical equipment testing.

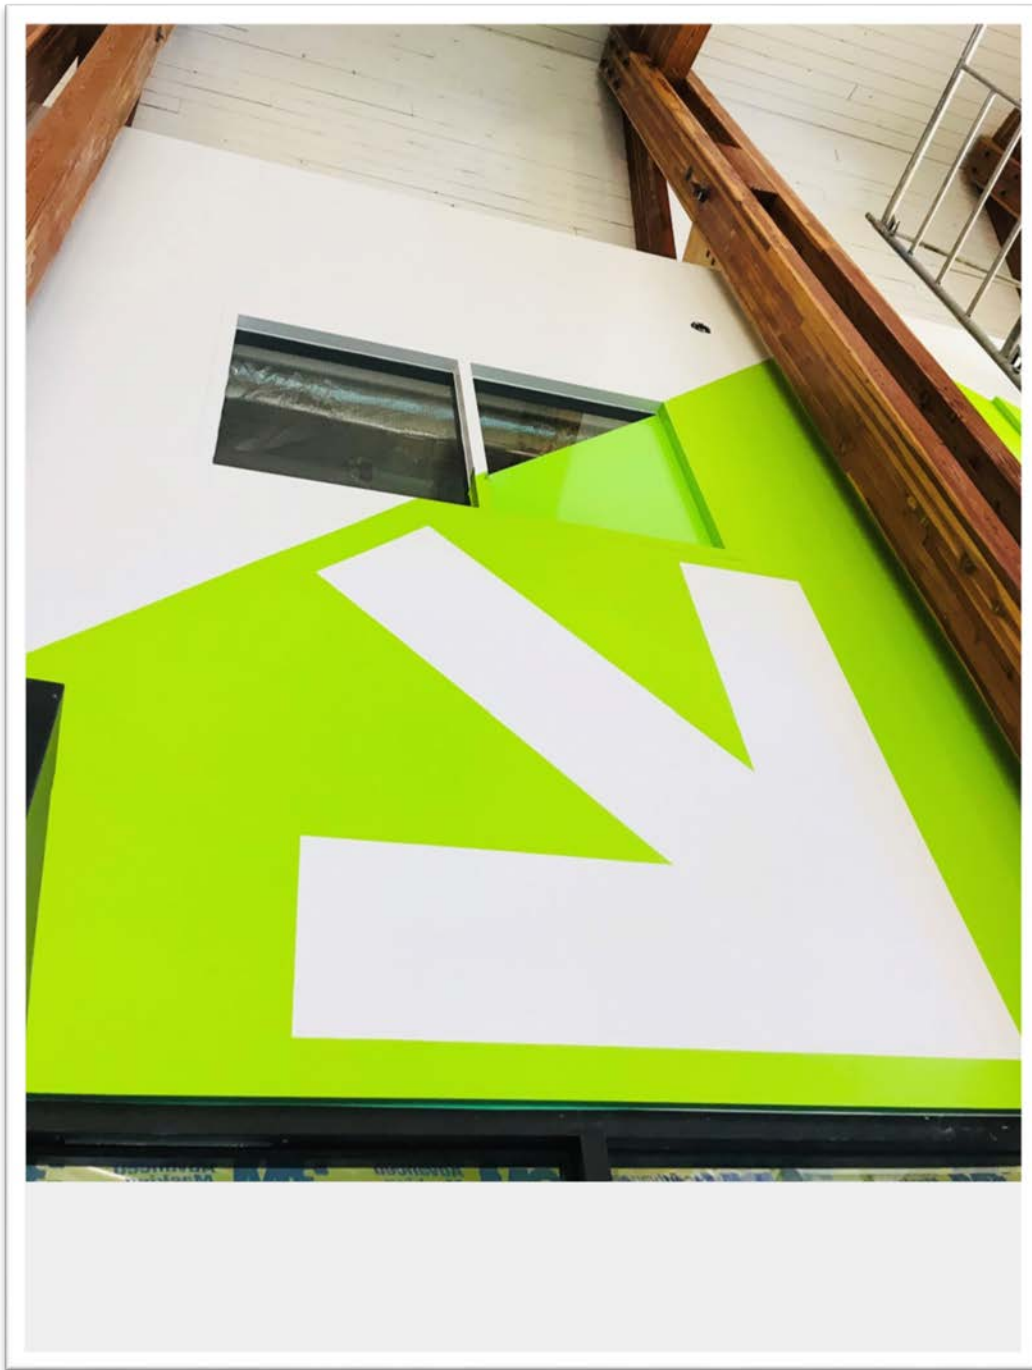

The Leisure Services Department has been working diligently to hire staff. Training of staff and an overall safety review of the upgraded facility will begin in the coming weeks to prepare for the opening and ensure an optimal user environment.

The reconstruction of the parking lot is underway and this portion of the project is slated for an end of June completion.

We are currently on track for a mid-July opening once all safety and health regulations are met.

MEDIA

Please see the attached photos for a sneak peek of the newly developed interior.

Caption: Bright new signage directs users to the new Family Change Room.

Caption: The new Leisure Pool with interactive water features is now complete and awaits commissioning.

Caption: New colorful lights are now operating throughout the facility. The lights change color and are installed in the Leisure Pool, the Hot Tub as well as the Lap Pool.
