For Immediate Release

TRANSPORTATION MASTER PLAN OPEN HOUSE COMING MAY 1

April 21, 2017

TERRACE – The City of Terrace is in the final stages of development of a Transportation Master Plan (TMP) in conjunction with McElhanney Consulting Services Ltd. The TMP is intended to provide direction for road network planning and road improvements, as well as enhancing active transportation options. It will ensure that the City of Terrace implements plans and policies that reflect the sustainability and livability goals that our community has defined in the Official Community Plan.

Stakeholders and local residents helped guide the development of the TMP by providing input at meetings held in February 2016, and through a public survey. This input has been compiled and addressed in the study. The City and McElhanney would now like to present the preliminary findings of the TMP to the public and stakeholders through a public open house, to be held as follows:

Time: 2:00 PM to 6:30 PM

Date: Monday, May 1, 2017

Location: Downstairs Meeting Room, City Hall, 3215 Eby Street

Watch the City website, City Facebook page, and City Twitter account (@CityofTerrace) for updates.
