UPCOMING DOWNTOWN ROAD CLOSURES

City Fibre Optic-Project

The City of Terrace has awarded a contract to StandGuard Enterprises Inc for installation of underground fibre-optic cable in the roadway from City Hall to the Aquatic Centre. The fibre-optic route will follow Lazelle Ave, Sparks St, Park Ave, and Kalum St. The project is expected to begin the week of Monday June 3, 2019.

The fibre-optic project will require temporary closures of the sidewalk, parking lane and business accesses along the route. Affected businesses will be notified in advance by Standguard.

Occasional road closures in the downtown area will also be required. Detours will be provided and only one road will be closed at a time, with each closure lasting approximately 8 hours. Planned road closures locations include:

- Lazelle Avenue (between Eby and Munroe)*
- Eby Street (between Lazelle and Park)*
- Sparks Street (at the Park Ave dog-leg)*
- Kalum Street (between Park and Davis)*

The City apologizes for any inconvenience caused by this project and we thank you for your patience and cooperation. If you have any questions please contact:
