## 2019 FACTS AND STATS

Did you know? These are open to the public to attend. In fact, all the meetings listed here except the two labelled as "in-camera" meetings are open to the public. Join us and see what City Council is all about!

### WHAT DOES "IN CAMERA" MEAN?

In camera means "in private." These closed meetings allow Council to meet about confidential topics.

For example, a topic with legal implications would be discussed in camera.

### What's a C/W?

That's a Committee of the Whole meeting.

Committee of the Whole meetings allow for a detailed, but less formal review or discussion of a specific subject matter.

They may involve presentations from staff departments (like Public Works) or delegations (like community groups or citizens).
