VOLUNTEER FIREFIGHTER

## GEORGE LEBLEU

### FIRE SERVICES EXEMPLARY SERVICE MEDAL – 20 YEARS

The Fire Services Exemplary Service Medal, created on August 29, 1985, honours members of a recognized Canadian fire service who have completed 20 years of service, ten years of which have been served in the performance of duties involving potential risks, and were employed on or after the date of creation of the Medal. Recognized fire services include Canadian fire departments, fire marshals' offices, fire commissioners' offices and the Canadian Forces fire services. Exemplary service is characterized by good conduct, industry and efficiency.

### ROAD RESCUE PIN – 20 YEARS

According to the Insurance Corporation of BC, there are approximately 300,000 motor vehicle accidents in BC every year. Most occur within fire department response areas where, if necessary, fire, police and ambulance respond. However, approximately 2,000 of those accidents occur outside of these areas. In these situations, about 150 fire departments voluntarily respond with apparatus, equipment and personnel.

Road Rescue service providers may be requested to provide support to people involved in out-of-jurisdiction motor vehicle accidents, where specialized skills—such as vehicle extrication, rope rescue and other rescue services—and equipment are required.
